Subject: RE: DB questions
Attachments: Working Index.xlsx

Attached is the working version of the index of everything. At the top there are red highlighted cells showing all the duplicate entries.

Subject: DB questions

First two new questions:

You have about 10-20 files saved in multiple locations. Do you want the same doc loaded multiple times or should I delete the duplicates?

You have two audio files. Do you want me to make placeholder sheets for those files? If yes, what do you want the placeholder to say? Sometimes we say placeholder and then give contact information if someone wants to access the file.
